

Geography

For our topic, we will be locating the world's countries, using maps, identifying key physical and human characters, and major cities. There will be a focus on Europe in particular Italy, concentrating on the different environmental issues.

PE

This term the children will be doing gymnastics every Wednesday afternoon and every other Tuesday morning. The children will be learning health and fitness with their class teachers every other week on a Tuesday morning.

Theology & Philosophy

This term we take a further look at Sikhism. The children will investigate the importance of Sikh stories.

French

„Moi, je..." is the title of this term's work. The children will learn how to talk and write all about themselves; their appearance and their likes and dislikes.

Music

In music this term we will be watching the BBC's Ten Pieces the children will be focusing on Gustav Holst. They will examine the rhythms and melody line from the Planets. Working in small groups the children will compose their own Planet's composition.

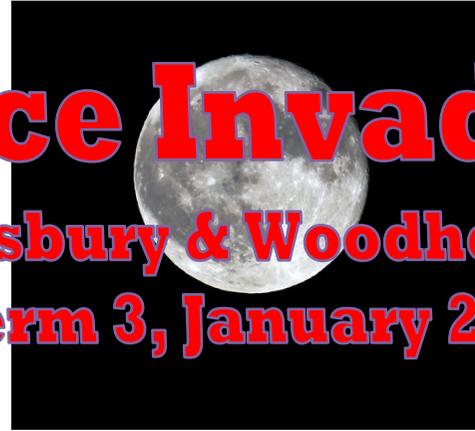

Computing

In computing, we will be creating our own animated "lost in Space" sequence. We will be learning how to animate using loops, and use coding to create a desired effect.

Space Invaders!

Figsbury & Woodhenge Term 3, January 2019

Science

'Earth and beyond' is the theme for science this term. The children will be focusing on finding out about the earth, moon sun and planetary exploration. They will be taught how day and night are formed, looking at the changing of state of the moon. The children will also enjoy a visit to a planetarium to support their learning.

D&T/ Art

The children will be studying the art form sculpture this term. They will look at the work of some famous sculptors such as Giacometta and Picasso. Using these as inspiration they will create some of their own creations from a wide range of material such as paper wire and pipe cleaners

PSHCEE

This term the children will be looking at keeping ourselves safe, which is going to also link with our new 'Building Learning Powers' topic.

BLP

Our school theme this term is Relationships. This will focus on interdependence, mirroring, and imitating listening and empathy and collaboration

WOW!

The children will be hopefully be enjoying a school trip the Winchester Science Museum and Planetarium.
