

## French

During French, the children will be continuing to have conversations about themselves. Your child will be practising talking about food, places to visit and the weather.

History As a part of our settlements unit, we will be identifying how towns and villages have grown over the years through the use of various maps.

## Maths

This class, will continue to focus on different written division and multiplication methods. The children will practice telling the time and practice working the area and perimeter

## Music

We will be continuing to learn about pitch, e.g. melody, melodic phrase, melodic ostinato, scale, chord, interval, unison, harmony processes, i.e. arranging, adding an accompaniment.

## RE

Judaism is our topic this Spring term and will be learning and experiencing Passovers.

## P.E

In P.E., the class will continue to be taught by Mrs Wildman for a new topic of gymnastics including body tension and control. Using different body parts to create different shapes. Also working on our balance techniques.

## Spelling

The children will have daily spelling practice, focusing on i.e. contractions i.e. do not >don't and regular practice using a dictionary.

## Science

This term, our science is 'Forces'. Through practical experiments and investigations, the children will be able to identify different forces around our everyday lives and learn where magnets are used.

## PSHCE

This New Year, they will be focusing on relationships and how we treat each other with respect. They will continue to consider how to manage difficult situations and how to use breathing techniques when things get tricky both with school work and play.

## Art

This term, we will be practising to sketch a face accurately and do self-portraits whilst developing our tone and shading skills.

# Wardour Year 4 Term 3 'Grand Designs'

Super starter: Drama - role play the lives of early settlers and act out their daily hardships.

Marvellous middle: Walk around Amesbury identifying features of this town and discussing with others.

Fabulous Finish: Making our own settlements out of recycling resources

## Computing

Year 4 are keen to develop their word processing skills using Microsoft Word. We will be practising using the spelling, grammar and editing functions. Lastly, practising setting out our writing with paragraphs, inverted speech marks, inserting pictures and captions.
